Dear Ms Faison-Ball:

Your office response dated Dec. 21, 2005, has just been received. I am surprised that my petitions was dismissed on the ground of no proof of diligence in time by processing the applications.

My case was a clear one that the fault was due to USPTO (missing files due to a move). The case examiner was very aware of my timely response & filing of the case. I have just spoken to Mr. Thong Vu this morning. He supports my claim. In fact, he says he has my files he is just waiting for the Computer System to activate the case so he can proceed. He is aware that I have communicated with him by phone & by mail from June, 2004 up to now. He acknowledges that the delay was not my fault. He advised me to file the petition to the case reactivated.

I am requesting the <sup>get</sup> petitions office to examine all the facts & reopen my case.

P.S. I have called your office & left a message as well

Sincerely yours

Ifay Chang
